## Information to consider before applying

1. Croydon Relief in Need is a constituent charity of Croydon Almshouse Charities whose vision is to improve the quality of life of older people and others in need in their communities.
2. Your organisation must be a charity or not for profit.
3. Overseas charities and organisations are excluded.
4. It is essential that monies received are used exclusively for the benefit of London Borough of Croydon residents. This must be demonstrated in the application, particularly where the organisation, group or project has a client base that extends to persons living outside the Borough.
5. Smaller local Croydon based charities, voluntary organisations or groups will normally have priority over applications from national charities. In the event of an application from a national charity, it nevertheless should state whether there is an affiliated Croydon 'branch', and (if so) if this is financed centrally or responsible for its own operations, fundraising and financing and why it has not made its own application.
6. Grants for individuals living in Croydon are not excluded in appropriate circumstances. Applications from individuals will not be for those seeking general support or for educational courses or similar purposes. Applications must be submitted through an appropriate organisation which is aware of the circumstances and relevant facts and represents the person in need.
7. Whilst grants will be considered for core revenue purposes and in appropriate circumstances for specific capital expenditure, grants in the main will be for new services/projects.
8. Please read all the questions before you start to answer. Some ask for specific details which you will not need to duplicate in other, more general questions. Your answers should be specific and offer examples that support your application.
9. Please include a copy of your current Safeguarding Policy with this application, if your organisation works with or will be working with children and / or vulnerable adults.
10. Please include a copy of your most recent set of the Accounts and Annual Report for your organisation or group (if more than 12 months old it is helpful also to have a set of later draft accounts).
11. You must have a bank account in the name of your organisation with two signatories. You would also have to keep a record of income and expenditure and adhere to statutory requirements for Independent Examination / Audit at the end of each financial year.
12. If you are not a registered charity, please send a copy of your constitution or set of rules which shows you are an organisation set up as not for profit. We also ask to see the names of your committee members and your membership list (if you have members).
13. Directors and Officers do not provide feedback to unsuccessful applicants.
14. Please see <http://www.croydonalmshouses.org.uk/relief-in-need.html> for further information.

## Terms and conditions

1. By submitting this application form, you are agreeing that, if a grant is awarded, you will comply with these Terms and Conditions.
2. We will assess your application for funding based on the information on this form. When you submit it, you are confirming that, as far as you are aware, the information is accurate. If it is later found to be inaccurate, we may withhold, withdraw or in some cases recover funding from you. We may also ask for additional information or clarifications.
3. You must use the grant for the purpose for which it is awarded. If you do not, we may ask for the money back. Unless indicated otherwise by us at the time of payment, we will require grant monies received to be held by your organisation as "restricted funds". We know that circumstances can change but you will need to get our permission in writing if you want to use the grant money (or part) in a different way.
4. If your application is successful, we will send you and require you to complete one of our report forms at the end of every 12 month period or when your project comes to an end if it is less than 12 months.
5. If your funding request in this application is a contribution towards a project and you do not secure the balance of funding to start the project within 12 months of our decision date, we reserve the right to withdraw the funding.
